Thessaloniki, April 2006

Workshop for new teaching materials and teacher retraining

The purpose of the visit was to continue the previous workshop for new teaching materials development and teacher retraining. It was organized in such a way to allow personal meetings with lecturers from the University and discuss the curricula they teach, textbooks they use, exercises they give to students on specific courses related to the project outcomes.

The meetings were organized and coordinated by the Vice-Rector of the University of Macedonia, who had a meeting with all visitors, explaining us the current situation at their University and their experience in restructuring their curricula. All the partners discussed new trends in higher education and their potential impact on the regional cooperation.
