

- 14<sup>th</sup> – 16<sup>th</sup> October 2005 – Workshop: "The challenges of the new economy", Ohrid, MK

St. Clement Ohridski University has organized a workshop “The new challenges in digital economy” accompanying to the conference “The challenges of new economy” in Ohrid from 14<sup>th</sup> – 16<sup>th</sup> October in Ohrid. The overall conference had 3 days in 8 different sessions and two of them were dedicated for project topics.

20 participants have been presenting their experiences and best cases about organizing education in digital economy and needs and requirements of the new economy. All partners have taken part in presentation of project results and realization of curricula. There were a lot of discussions after the sessions.

A special session was organized to analyze various e-Learning tools and further develop interactive response systems as efficient way to organize learning process.
